Let's save all the boring "blah blah blah" and get to the point.

...

It's emotional/mental support.

Being a person who is generally fragile (mentally, I mean), offending someone unintentionally can make me feel like the worst person to every live on this planet. It's not because of my parents- no, they've been treating me very, very well. The best way I can describe it to you is in a Warriors context.

So, let's say I'm a kittypet, and the outside world is the Clans. I'm used to my life as a kittypet- everything is simple and calm. But in the wild, there's battle and evil. The world is harsh in the wild, and I'm so different from everyone out there that I'll never be able to handle it. And- oh, imagine I'm warrior aged. An apprentice beats me in battle. I suddenly feel weak and worthless, and the only way to ever be considered to be good by the outside world is by being absolutely, completely perfect, or else, I'll still be a worthless kittypet.

But, on the forums, I can hide behind a cheery, fun mask, imitating what I was like before the wild. A happy, fun person whl I want to become again. And even when I do have to vent, everyone here is here to support me. Thank you so much. Everyone here means so much to me, no matter how much I claim to hate them (*cough *Aquamancer *cough*). You will all always be important to me, even if I'm not online, I still think about this place. This is my happy place. And it's because of all of you.

Thank you.

That's a great way to describe it. We really do have a fantastic supportive community. (And you contribute to that too, btw!)
